ABOUT US

With over 20 years experience satisfying customers worldwide, we specialize in custom decorative lighting design and manufacturing for the Hotel, Gaming, Commercial and Architectural industries.

Our capabilities include metal fabrication, custom finishing, laser cutting, resin molds, wood engraving and shade making with an abundant material supply chains. We currently work with lighting materials such as brass, stainless steel, onyx, natural stone, quartz crystal, egyptian crystal, swarovski crystal, strass, china K9 crystal, crystal elements, blown glass, fabrics, faux materials, lucite and resin-based materials for every budget.

In conjunction with our California factory, Asia factories, and Orange County Showroom we continue to provide the international Hospitality market with the highest level of customer service and detail to design in every masterpiece we produce.

Our Orange County showroom is dedicated to Del Mar Lighting designs and custom Lighting collections. Our hospitality project management team recognizes the unique demands of the Hospitality industry and are committed to adding value to your project.

OUR PROCESS

Once we receive an inquiry on a possible project our customer service team reviews the design intent to understanding the scope of service needed for each project. We review possible lead-times and site schedules for onsite coordination with our clients and service providers. We issue timelines used by our Sale /Quotation Department to quote the project accordingly for our clients needs

ONCE AWARDED

Design development begins
Project Management and timeline management is put in place
Design Engineering Department focuses on CADs, renderings and serviceability
Material Samples are pulled, or control samples matched for approval
Once approvals are received – Bare metal prototype review follows
Full Fabrication and Assembly of mass production
First article review of the production line
Packaging/ shipping and logistic support when needed
Installation coordination with onsite entities
